## B3 BENCHMARKING

Logged in as Cheryl Mesko

Group By: Organization

**City, Eagan** Organization

SUMMARY BENCHMARK PEER COMPARISON ENERGY STAR BASELINE TARGETS REPORTS

Baseline is used to compare a site to itself using a defined baseline period. The baseline is weather normalized so that changes in weather do not affect the comparison. [More Info...](#)

Organization Baseline (Based on 9 of 10 baseline-complete sites) [Export To Excel](#)

Energy

0.05%

Dollars

-2.60%

CO2

-2.72%

Using each site's latest 12 month period to a global organization baseline period of **June 2010 - May 2011**

**Baseline By Site**

Site Name	Status	Primary Space Usage	SF	Bldgs	Actual	Baseline	Change	% Change
Eagan Community Center	✓	Community Center	68,000	1	211.89	186.67	25.22	↑ 13.51%

data. Identify a person responsible for this ongoing data entry. For each building, also enter 12 consecutive months of data immediately prior to the start of current data. Annually, post an updated print screen of the B3 Organization data to the GreenStep Cities website by May 1st.

- 2 Star - Complete 1 Star criterion, except enter 24 consecutive months of historical data and then validate data to determine accuracy, correct inaccurate entries, and identify potential opportunities for improvement.
- 3 Star - Complete 1 and 2 Star criteria. In addition, conduct ongoing, periodic review of B3 data to validate data accuracy, identify related operations and maintenance issues, and identify poorer performing buildings. Annually by May 1st, review and analysis and identify a person responsible for conducting it.
