Application ID#: 29235M  
 Subject: Minnesota Bonus Acknowledgement Letter

Dear Mike Bauer,

Thank you for your interest in the Minnesota Bonus Incentive Payment. We have reviewed your application, and based on the information you have provided you qualify for an incentive payment under the Minnesota Bonus Program, authorized by Minn. Stat. § 116C.7791. We are pleased to reserve an estimated incentive payment of \$143,856.00 (paid out proportionately in five consecutive annual installments of \$28,771.20), payable to the account owner listed above or as authorized below by the account owner. This offer is contingent upon verification and final approval of the completed photovoltaic (PV) project with Minnesota Bonus qualified equipment, proper installation, review or approval by a person certified by the North American Board of Certified Energy Practitioners, a signed MN Solar\*Rewards Contract with Xcel Energy, and your signature on any other contract or contract addendum as may be required by Xcel Energy for participation in the Minnesota Bonus Incentive Payment program. Xcel Energy reserves the right to recalculate the incentive payment if any project details differ from the original application. Your incentive payment is calculated based on the provisions in Minn. Stat. § 116C.7791 and on the following assumptions:

Total Qualified Project Costs: \$239,760.00; Taxable Status of Incentives:  Taxable  Non-Taxable ;

Highest applicable Federal Income Tax rate of the system's owner:  N/A  %;

Total of all other rebates or other forms of financial assistance from the utility or state \$0

Applicant agrees that it will not use, or by contract or other agreement permit another entity to use, federal depreciation tax benefits that exceed the federal tax imposed on rebates awarded under this application:

Agree  Disagree or does not apply

System							
PV system size: 29.52kW direct current				PVWatts.com annual energy production estimate: 51295kWh			
Array	Manufacturer	Model	Module Count	Tilt	Orientation	STC Rating (kW DC)	Array Output (kWh)*
1	tenKsolar	XT-A	72	45°	180°	29.52	51295
<b>Totals:</b>			<b>72</b>			<b>29.52</b>	<b>51295</b>
Inverter	Manufacturer	Model	Inverter Count	Power Rating	Efficiency		
1	Altenergy Power System	YC500A (208V)	72	500W	95%		
<b>Totals:</b>			<b>72</b>				

This estimated rebate payment is based on the above information provided by you and the installer and is valid provided the system is installed and the Minnesota Solar\*Rewards and Minnesota Bonus contracts are signed by both parties by December 15, 2014.

Final contract will be e-mailed to: mbauer@cl.rogers.mn.us.

Please check box if you want a hard copy mailed to customer mailing address:

Mike Bauer

I hereby confirm and accept this Acknowledgement Letter.

  
Mike Bauer

Date: 1 / 1 / 2014

This promotion applies only to Minnesota Bonus Incentive payments. The Company reserves the right to recalculate these payments if any project details differ from the original application, or if adjustments to the payments are retroactively authorized by any Order issued by the Minnesota Public Utilities Commission in response to legislation or otherwise.

Install Address: 22350 S. Diamond Lake Rd., Rogers, MN 55374

Application ID#: 29235M  
Subject: Minnesota Solar\*Rewards Acknowledgement Letter

Dear Mike Bauer

The Solar\*Rewards incentive budget is fully allocated for the 2013 budget year. The Solar\*Rewards incentive amount listed below is not available unless projects previously awarded incentive funding drop-out or are removed. When projects drop or are removed, and previously allocated dollars become available, those dollars will be reallocated on a first-come basis to other projects based on the date that the project was approved by engineering through the Solar\*Rewards application process.

Note: Receiving and signing this Acknowledgement Letter does not qualify the project for the Solar\*Rewards incentive funding from the 2014 budget year. The 2014 Solar\*Rewards program may have different program requirements and the project would need to be approved based on those requirements and a new Acknowledgement Letter signed.

Subject to the qualifications noted in this letter, a preliminary incentive calculated to be \$44,280.00, might be payable to the account owner listed above or as authorized below by the account owner. This amount is additionally contingent upon verification and final approval of the completed photovoltaic (PV) project and a signed MN Solar Rewards Contract with Xcel Energy. Xcel Energy reserves the right to recalculate the incentive payment if any project details differ from the original application. Your project is approved based on the following specifications:

Array	Manufacturer	Model	Module Count	Tilt	Orientation	STC Rating (kW DC)	Array Output (kWh)*
1	tenKsolar	XT-A	72	45°	180°	29.52	51295
		<b>Totals:</b>	<b>72</b>			<b>29.52</b>	<b>51295</b>

Inverter	Manufacturer	Model	Inverter Count	Power Rating	Efficiency
1	Altenergy Power System	YC500A (208V)	72	500W	95%
		<b>Totals:</b>	<b>72</b>		

As noted above, the estimated incentive amount is based on the condition that 2013 funds previously allocated to other projects become available for your project, but no such funds are currently available. The amount is calculated based on the above information supplied by you and/or the installer and is valid through December 15, 2013.

As a part of this agreement, the customer agrees to convey all of the Renewable Energy Credits (RECs) or similar green attributes produced by the system to Xcel Energy for the 20-year term of the contract.

Final contract will be e-mailed to: mbauer@ci.rogers.mn.us.

Please check box if you want a hard copy mailed to customer mailing address:  
22350 Diamond Lake Rd  
Rogers, MN 55374

Customer understands that customer needs to contact Xcel Energy for an energy audit, which must be performed prior to the issuance of the incentive payment. Alternatively, customer must have participated in an Xcel Energy qualified residential Energy Audit or commercial Turn Key Assessment or qualified commercial assessment\* within the past three (3) years. \*For qualified commercial audit alternatives visit [www.xcelenergy.com](http://www.xcelenergy.com). To schedule a Residential Energy Audit contact call 1-800-895-4999. To schedule a Commercial Turn Key Assessment call 1-800-481-4700.

Sincerely,  
MN Solar\*Rewards Program Manager  
Please upload the signed Acknowledgment Letter or return by fax 612-318-4785,
