

City of Columbia Heights Bike Donation

Mobility: Increase Biking

Columbia Heights Bike Donation

Each year, the Columbia Heights Police Department partners with Columbia Heights Public Schools to donate bikes to children at the end of the school year. The bikes that donated to the school district are unclaimed property that the department refurbishes for safe operation. Through this program, approximately 100 bikes have been diverted from the waste stream, with approximately 10 refurbished bikes being donated per year over the last ten years.
