Specific Description of Work to be Completed

Permit becomes void if work does not begin within 180 days or if suspended at any time over the 180 days. Permits issued and inspection made by the City are a public service and do not constitute any representation, guarantee or warrant, either implied or expressed, to any person as to the condition of the property, soil or conformance to applicable codes. The Undersigned acknowledges that this application has been read and that the above is correct and agrees to comply with all the ordinances and laws of the City of Coon Rapids regulating erosion control and storm water management. Some or all of the information that you are asked to provide on the application is classified by State law as either private or confidential. Private data is information, which generally cannot be given to the public, but can be given to the subject of the data. Confidential data is information, which generally cannot be given to either the public or the subject of the data. Our purpose and intended use of this information is to annually update our records and records of other governmental agencies as required by law. If you refuse to supply the information, the permit may not be issued.

The applicant certifies that erosion control measures will be in place before land disturbance occurs on the property.

Solar PV Installation Electrical Inspection Fees

The following electrical inspection fees are applicable to solar PV systems and installations:

- (a) The inspection fee for the installation of solar PV systems, is
- (1) 0 watts to and including 5,000 watts, \$60 or
 - (2) 5,001 watts to and including 10,000 watts, \$100 or
 - (3) 10,001 watts to and including 20,000 watts, \$150 or
 - (4) 20,001 watts to and including 30,000 watts, \$200 or
 - (5) 30,001 watts to and including 40,000 watts, \$250 or
 - (6) 40,001 watts to and including 1,000,000 watts, \$250, and \$25 for each additional 10,000 watts over 40,000 watts or
 - (7) 1,000,000 watts to 5,000,000 watts, \$2,650, and \$15 for each additional 10,000 watts over 1,000,000 watts or
 - (8) 5,000,000 watts and larger, \$8,650, and \$10 for each additional 10,000 watts over 5,000,000 watts.
- (b) For the purpose of paragraph (a), the watt rating is the total estimated alternating current (ac) energy output of the solar system. The total dc energy output is not used.
- (c) The solar PV inspection fees shall include inverters, modules, panels, combiners, converters, charge controllers, disconnecting means and electrical conductors between the inverter and the ac panelboard for stand-alone solar PV systems, or the conductors between the inverter and the service equipment or other power production, distribution and utilization system, such as a utility system and its connected loads, that is external to and not controlled by the solar PV power system.
- (d) In addition to the inspection fees in (a), additional inspection fees may be applicable on large-scale projects for the inspection of additional electrical infrastructure between the inverter output circuit and the electrical production and distribution network. The inspection fees shall be calculated according to [Minnesota Statutes 326B.37, subdivisions 2, 3, 4, and 6, paragraphs \(d\), \(f\), \(j\), and \(k\).](#)
- (e) When a plan review is required or performed the plan review fee is \$80 per hour.
